DARWIN EQUIPMENT ROPELOADER KIT BAG

PRODUCT DATASHEET

This is more than a bag, it's an essential part of your rope access system.

Designed with the Rope Access professional in mind, this multi-use, high-capacity bag is your all-in-one solution for organised, safe, efficient gear management.

Whether on the ground or suspended at height, every feature supports secure, organised and practical kit handling.

MATERIALS:

OUTER: Durable & waterproof 1000D coated PVC

LINER: 1000D Ballistic nylon

REMOVABLE LAYER: heavy duty cotton canvas

INNER PADDING: 5mm closed cell foam & 7mm rigid rubber
